Group Video Calling

With group video calling you can get together with colleagues and clients wherever they are in the world. All everyone needs is the latest business version of Skype, a laptop and a webcam.

It's simple and cost effective to use, as only the host needs to sign up.

And it takes just a few minutes to set up a video conference.

Future:

The image is a promotional banner for the Skype mobile app. At the top left is the Skype logo. To its right is a navigation menu with links for 'Features', 'Get Skype', 'Prices', 'Accessories', 'Business', and 'Support'. Further right is a search bar with a magnifying glass icon and the word 'Search'. The main text on the left reads: 'Coming soon – Skype mobile™ with video on Verizon Wireless'. Below this, it says 'Talk face-to-face with friends, without touching a computer.' and includes a 'Keep me informed' button. On the right side, there are three mobile devices: a tablet showing a video call with two people, and two smartphones. One smartphone shows an incoming call notification for 'Jodi call'. The background is blue with white stars and a row of white trees at the bottom.
